

**Chainstay Lengths:**  
This table shows all possible chainstay lengths in ascending order.

| <b>Chainstay length(mm)</b> | <b>CDRIVE combination</b> |
|-----------------------------|---------------------------|
| 335.5mm                     | 80T 30T 1120mm            |
| 339mm                       | 80T 28T 1120mm            |
| 344mm                       | 80T 25T 1120mm            |
| 364.5mm                     | 67T 30T 1120mm            |
| 368mm                       | 87T 28T 1120mm            |
| 374mm                       | 67T 25T 1120mm            |
| 376mm                       | 80T 30T 1200mm            |
| 379mm                       | 80T 28T 1200mm            |
| 382mm                       | 60T 28T 1120mm            |
| 385mm                       | 80T 25T 1200mm            |
| 387.5mm                     | 60T 25T 1120mm            |
| 403mm                       | 67T 30T 1200mm            |
| 406mm                       | 67T 28T 1200mm            |
| 412.5mm                     | 67T 25T 1200mm            |
| 416.5mm                     | 80T 30T 1280mm            |
| 418mm                       | 60T 30T 1200mm            |
| 420 mm                      | 80T 28T 1280mm            |
| 421mm                       | 60T 28T 1200mm            |
| 426mm                       | 80T 25T 1280mm            |
| 428mm                       | 60T 25T 1200mm            |
| 443.5mm                     | 67T 30T 1280mm            |
| 447mm                       | 67T 28T 1280mm            |
| 453mm                       | 67T 25T 1280mm            |
| 458mm                       | 60T 30T 1280mm            |
| 462mm                       | 60T 28T 1280mm            |
| 467mm                       | 60T 25T 1280mm            |
